RE: Thayer Nursery Corp  
270 Hillside Street  
Milton, MA 02186

Dear Mr. Clark;

I hope all is well.

This letter is in reply to concerns over the use of outdoor illumination being used by Thayer Nursery Corp at their facility, and in explanation and support of this use.

In an effort to comply with insurance company recommendations, the flood lights at Thayer Nursery are expected to be kept on during business hours in order to provide a safe and secure environment for both employees and principals as well as customers during Thayer Nursery's hours of operation.

This is of extreme importance during the Christmas Tree season, due to uneven ground and the tree selection process.

Thayer Nursery Corp sincerely regrets any inconvenience this may cause but feels its first responsibility is to the safety and well being of all concerned.

Should this disagree with your records, or if there is anything further with which I can help, please do not hesitate to contact the office.

Sincerely,

Dale E Johnson  
President, D-Johnson Insurance Agency, Inc.
