ERICA DeDONATO

Environmental Coordinator

KATHLEEN M.BOWEN

Senior Administrative Clerk – Conservation

Dear Milton Resident,

SDE Civil and Environmental Engineering is an engineering firm working for the Town of Milton's Engineering Department. As part of the work SDE is performing, SDE staff will be conducting dye testing of residential homes. In order for this dye testing to be conducted, SDE staff must enter homes to complete the work.

Effective May 29, 2021 the Massachusetts Department of Public Health issued a public health advisory that advises all unvaccinated residents to continue to wear masks in indoor settings and when they can't socially distance. The Milton Health Department has given SDE approval to enter residential homes as required. SDE will carry identification at all times and wear facial coverings when entering homes.

If you have any questions regarding COVID-19, please reach out to the Milton Health Department at (617) 898-4886

If you have any questions regarding the work SDE will be performing, please refer to the IDDE webpage found on the Town website (link will be added here) or call Environmental Coordinator, Erica DeDonato at (617) 898-4968.

Sincerely,

The Milton DPW Engineering Department

Cc: Chase Berkley
