[External Email- Use Caution]

My name is Joanne Fisher, my husband is Fred Trusten. We live at 102 Smith Rd., Milton. We tried to get onto the webinar on January 5th and were not successful. I will try again next Monday, the 12th, since I have been told the meeting was continued.

However, we want to place our objection to the project at 109 Smith Rd., Milton. I spoke to the alleged owner, Stephon Gillings in December when he had a banner outside the house advertising a NEW CONSTRUCTION. When I asked him about it he said he would not want to live in Milton and the next day the large banner was taken down. Sadly, I did not take a picture of the banner.

I am concerned that they are really building a 2 or 3 family unit. I know they have plans for only one kitchen, but once you give the OK who knows what they will put in there. There is not enough parking for 2 or 3 units. And, as we all know, you can not park on the street in Milton.

Once again, I want my objection noted.

Joanne Fisher
102 Smith Rd.
Milton
